“Never underestimate one Marine, let alone a group of them.”

Post Commandant Update- What an honor and an experience it has been to be your Commandant for the past two years. I took a break from doing the newsletter while we had to take care of some very important items with the Detachment.

In the upcoming newsletters I will attach our minutes, our activity report that is submitted each month and our financial report. I believe this is a great way to let everyone have a glimpse of how much work is being put into the Detachment behind the scenes. Our new member installation ceremony will be at the May 15th meeting. I would like for this to be a special time for our new members.

Our officer meetings have been consistent and productive. We have elected to have a scholarship for a graduating senior at the Mineola High School this year. I will be setting up the new communications phone number, the savings account and obtaining business cards as discussed in the meeting.

Our website and Facebook page are showing to be a great success and thank you to everyone helping out with these projects. The Facebook page and website are now linked together. So, please share this information with friends and family. They can like our Facebook page, visit our website and come and visit us. They will be an invaluable asset with recruitment and retention. We have many, many members that work behind the scenes for our Detachment and do not intend for that to go unnoticed. Thank you to each one of you. I also ask that when you get a chance thank Doris Newman of the Wood County Monitor for her continued support and KMOO for allowing us to announce on their Double Talk radio show.

RECRUITING AND RETENTION

I know how important our Post is and am seeking the best means to promote recruiting and retention of our members. The best way to do this is to open our hearts and minds to new means of communicating our mission and leadership values. I ask that we all keep an open mind and like we always do, welcoming new members to our post. I have left the bottom portion of this newletter blank so that you can put an address on it, fold it and mail it or simply drop it off at a place of business once you are done with it. OUR MISSION

Members of the Marine Corps League join together in camaraderie and fellowship for the purpose of preserving the traditions and promoting the interests of the United States Marine Corps. This is accomplished by banding together those who are now serving in the United States Marine Corps and those who have been honorably discharged from that service; voluntarily aiding and rendering assistance to all Marines and former Marines and to their widows and orphans, and by perpetuating the history of the United States Marine Corps through fitting acts to observe the anniversaries of historical occasions of particular interest to Marines.
